LADIES IN POOR HEALTH.

ONE of the best medicines, probably the very best ever prescribed, for the numerous and distressing ailments known as FEMALE COMPLAINTS, is DODD'S NERVE AND LUNG TONIC. Headache, Pain in the Back and Limbs, Palpitation of the Heart, Faintness, Loss of Appetite, Bearing-down Pain, Prostration of Strength, Retained, Excessive, Irregular or Painful Menstrual Efflux, all yield to its magic power. For Hysteria, Epilepsy, Melancholy, &c., it is equally infallible. It is also most valuable to ladies who are experiencing the change incident to advanced years. Then it is that constitutional maladies make their appearance, if any lurking about the system, and give cause to remain in bed. Dodd's Nerve and Lung Tonic greatly assists nature at this important period, maintaining the vigor and tranquility of early life, and carrying them with ease and safety through.

Important Certificate.

[Communicated by a Physician]

Some months ago I was called to attend a lady of Williamsburgh, N. Y., who had long been suffering from troublesome uterine disease. Its presence was marked by constant vaginal discharge, sometimes of a watery consistency and sometimes creamy and mucopurulent. She had been under other treatment for some time, but constantly grew worse. Vaginal examination disclosed extensive induration and ulceration of the cervix uteri. The uterine inflammation, which was evidently assuming a chronic form, was also aggravated by long-standing constipation, palpitation of the heart, night-sweats, cough, poor appetite, and almost daily faintings. She fainted to entire insensibility during one of my visits. I commenced, of course, by such active local treatment as the ulceration demanded, and then applied myself to a recuperation of the general health. It was inconvenient to see her frequently, and except to mark the healing of the ulcers, in the early stages, I visited her only every other week. For tonic and constitutional invigoration I prescribed only what was prescribed. I had some time before become acquainted with its properties, and knew of nothing more safe or satisfactory in its probable effects. And the result completely justified my expectation. In a fortnight the bowels had become regular and regular in their movements, the night-sweats disappeared, and appetite began to grow. The fainting spells became less frequent, and soon ceased altogether. In another fortnight there was no more cough, the vaginal discharge was sensibly diminishing, sleep was normal and refreshing, and the general health decidedly improved. What remains is soon told. The patient continued the use of the Nerve [and no other medicine] for some weeks longer, when my further attendance was not required. Since her recovery I have seen her but once. She seems perfectly well. Her joy over restored health is naturally enough most enthusiastic. She never before had a medicine give her such comfort—and such appetite—and such sleep—and such courage—and such strength. She would not try to keep house again without it, and so forth, and so forth. It is my own opinion that the Nerve is the best tonic and corrective of the female organization that has ever come under my observation. I shall not fail to continue its use in all similar cases, and the profession know they are numerous enough. For sale by all Druggists. Price, \$1. 213-8
